Summary

Frontend Developer with 2 years of experience building fast, responsive interfaces for e-commerce brands (Speedo, Jockey, Himalaya) and health-tech products. Strong in React, Next.js and TypeScript, with hands-on Core Web Vitals and analytics work. Founder of JioCoder, a Next.js learning platform with interactive coding labs and mock interviews.

Technical Skills

Languages	: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks & Libraries	: React, Next.js, Redux, Tailwind CSS, Radix UI
Backend & Data	: Node.js, REST APIs, MongoDB, Firebase (Auth, Firestore)
Tools & Platforms	: Git, Webpack, Vercel, Shopify, Figma, GTM, CleverTap, MoEngage, Microsoft Clarity
Focus Areas	: Core Web Vitals (LCP, INP), Web Performance, Responsive Design, SEO, Cross-browser

Experience

Seventh Triangle Consulting Pvt. Ltd. — December 2025 – Present
Software Developer – Frontend — Noida, IN

- Optimised Core Web Vitals (LCP, INP) across 3+ live brand storefronts including Jockey India, improving page speed.
- Built complex, responsive UIs for the Speedo and Jockey websites from Figma designs using React and Tailwind CSS.
- Built product search and collection-page filtering integrated with a third-party recommendation engine.
- Developed B2B ordering flows and custom Shopify theme components in JavaScript for the Himalaya brand website.
- Integrated GTM, CleverTap, Microsoft Clarity and MoEngage for analytics and user-journey tracking.
- Debugged and resolved critical production issues across multiple live brand websites, minimising downtime.

Valeo Health Me — December 2024 – September 2025
Associate Software Developer – Frontend — Bengaluru, IN

- Built responsive React interfaces for health-service flows, consistent across mobile and desktop.
- Integrated backend REST APIs with Redux state management for real-time data updates and consistent UI state.
- Implemented SEO improvements and shipped features on schedule with designers, PMs and backend teams.

FrontendZip — February 2024 – July 2024
Frontend Intern — Noida, IN

- Built reusable React components with Hooks and Flexbox/Grid layouts in a consistent design system.

Projects

JioCoder – Founder & Developer | Next.js, TypeScript, MongoDB, Vercel — jiocoder.com

- Built and run a Next.js learning platform with blog, DSA practice, articles and 1:1 mock-interview booking.
- Shipped TypeScript Lab and React Lab: interactive, ticket-based coding tracks that learners solve in the browser.
- Built an admin panel with lab analytics and live user activity, and a coupon-based booking flow.
- Building a LeetCode-style contest system with daily easy/medium/hard problems scheduled via Vercel cron jobs.

Study Library Management | React, Redux, Firebase, Tailwind CSS — December 2021 – March 2022

- Built an admin panel (students, seat allocation, referrals, analytics) and student portal on Firebase.

Education

Full-Stack Web Development	Masai School, Bangalore	2024
Bachelor of Arts	Hindu College	2020 – 2023
12th (PCM)	Chitragupt Inter College	2018 – 2020
